Shrimad Bhagavadgita Jayanti and Tulsi Worship Program

Inspiration: Sant Shri Asharamji Bapu

To,
The Principal / In-charge

.....
Subject: Securing permission for organizing the Shrimad Bhagavadgita Jayanti (8th December) and Tulsi Worship Day (25th December) programs collectively in the school on

Madam/Sir,

Greetings with due respect!

The Shrimad Bhagavadgita is the treatise which contains not only the nectar of all the Vedas and Upanishads explained in a very simple language, but also has the supernatural measures for the true welfare of human beings of all countries, castes and creeds. For students, this is verily a promising code of conduct to amply strengthen the foundation of their life for a great future. Everyone can brighten both their present and future to attain success in life by studying and following it. Being taught even in the world's leading management institutes, today, the Gita is getting fast assimilated into most curricula across our country and abroad. This supremely practical divine book is being instructed to the senior officers of multinational companies overseas with marked increase in their efficiency.

This holy program is held in schools on the occasion of the Gita Jayanti under the inspiration of revered saint Shri Asharamji Bapu so that the students may realize the importance of the Gita and start studying it to successfully develop the divine attributes of courage, competence, equity, peace and righteousness in their life. The authorities in the schools where this program was held in the past years have appreciated it greatly with evident multi-dimensional improvements in their students.

While the Gita is very useful in making the mind healthy and competent, the Tulsi (holy basil) plant promotes one's physical wellness in a great way. It is said in the scriptures: 'Just half a Tulsi leaf is capable of ensuring the amount of wellness that can be attained through all the medicines made from the flowers and herbs of the entire world.' Tulsi, therefore, has traditionally been an essential part of every house and garden in our culture.

Anxiety, stress, unrest and various other physical and mental illnesses are on the rise in our society due to a blind emulation of the western lifestyle. The simplest way to avoid all these hazards is to recognize the superb significance of the knowledge enshrined in the Gita as well as that of the Tulsi plant, and take shelter of the propitious wisdom of Indian culture under the able guidance of its saints and great men.

The celebration of the 'Tulsi Worship Day' on 25th December was initiated under the pious inspiration of the revered Saint Shri Asharamji Bapu with the sole philanthropic purpose of ensuring true welfare all over the world by effectively promoting happiness, harmony, health and peace in the lives of people. A regular consumption of Tulsi leaves enhances the memory of students. Through this ceremonial worship of the divine Tulsi plant the intellectual, mental, immune and moral strength of the students is bound to increase ensuring an all round progress in their life.

We are sure that you will definitely extend your benign cooperation towards organizing the divine event of the Gita Jayanti and Tulsi Worship program. Your kind gesture will go a long way towards not only ensuring a truly rewarding and successful life for the students but also efficiently protecting their health and character leading to a grand powerful progress of the country.

With gratitude,
Yours faithfully
